Behavioral Health Series®

Integrated Low Profile Trim

The global leader in
door opening solutions

Behavioral Health Series®

Integrated Low Profile Trim

Features

- Accepted by the New York State Office of Mental Health (OMH)
- Aesthetic, modern design with integrated lever and escutcheon
- Uses the ANSI/BHMA Grade 1 mortise lock
- Available in 30+ functions including Asylum/Institutional (ANSI F30), Institutional Privacy (ANSI F26) and Privacy (ANSI F22, F19 and F02) as well as electrified options
- For use on SARGENT 8200 Series and 9200 High Security Series mortise locks and CORBIN RUSSWIN ML2000 mortise lock
- Stainless steel finishes standard; optional MicroShield® antimicrobial coating
- Matching behavioral health thumbturn available
- ADA compliant
- Patent issued
- Available from CORBIN RUSSWIN (BHSS) and SARGENT (BHW)

Benefits

- Strong and durable: lock exceeds ANSI/BHMA Grade 1 requirements to withstand abusive environments. Robust, low profile trim is ideal for any application where carts or gurneys pass through doorways.
- Versatile: 30+ functions, including electrified and behavioral health specific; can be used on many opening types
- Minimize risk: helps contribute to patient safety with unique design

Behavioral Health Series®

Lever Trim

The global leader in
door opening solutions

Behavioral Health Series®

Lever Trim

Features

- Overlapping lever and rose construction
- Uses the ANSI/BHMA Grade 1 mortise lock
- Available in 20+ functions, including Asylum/Institutional (ANSI F30) and Institutional Privacy (ANSI F26) and four electrified options
- Stainless steel finishes standard; optional MicroShield® antimicrobial coating
- Matching behavioral health thumbturn available
- ADA compliant
- Available from CORBIN RUSSWIN (BLSS) and SARGENT (BHL)

Benefits

- Strong and durable: lock exceeds ANSI/BHMA Grade 1 requirements to withstand abusive environments
- Flexible: 20+ functions, including electrified; can be used on many opening types
- Minimize risk: Sloped surfaces and overlapping rose with lever address common concerns in behavioral health environments
- Simple retrofit: Upgrade existing openings easily; uses standard mortise door prep

Behavioral Health Series®

Emergency Door Stop

The global leader in
door opening solutions

Behavioral Health Series®

Emergency Door Stop

Features

- Accepted by the New York State Office of Mental Health (OMH)
- Emergency release allows door to swing open in the opposite direction
- Latch releases with a touch of the finger; second touch of lever returns latch to original position
- Allows center hung or 1/8" inset doors to be opened in both directions without damaging the frame
- Used to convert double acting doors hung on center pivots to single acting doors
- Available from McKINNEY (DS-6); recommended for use with McKINNEY EP-J5 Jamb Mount Pivot Set

Benefits

- Emergency release allows door to swing open, thwarting barricade efforts
- Latch release and return are intuitive and easy to use
- Reduces maintenance costs by preventing damage to the door frame
- Stretch budget by converting existing double acting doors
