

STANLEY
Security

YOUR TRUSTED PARTNER IN SCHOOL SECURITY

K-12 PARTNERS

Securing over 15,000 schools, here are two of many districts we've partnered with.

CADDO PARISH PUBLIC SCHOOLS

STANLEY partnered with district and school leadership at Caddo Parish in Louisiana to upgrade security plans and retrofit new technology into a system of schools that included 60-year-old buildings and a wide range of learning environments.

STAFFORD COUNTY PUBLIC SCHOOLS

STANLEY has worked with Stafford County Public Schools in Virginia since the 1980s. We recently helped them take their access control program to a new level by surveying all 30 properties, identifying deficiencies, implementing security enhancements, and developing a 5-year security plan for the system.

We Have Your Answer

WHO WE ARE

Simply put, we're your neighbors. With over 100 locations across North America, STANLEY service providers live and work right in your community and care just as much about the safety of our children and educators as you do. We've shown this dedication to providing comprehensive security solutions for over 83 years. Our 650 trusted STANLEY Security advisors and nearly 5,000 employees have secured over 15,000 schools across North America. Our commitment to providing comprehensive solutions, support, and service is unwavering, and we look forward to working in your community. We hope to continue to earn your trust and team up with you to design a best-in-class solution that fits your unique learning environment.

WHY WE'RE HERE

Because we understand how important it is to partner with educators, government officials and law enforcement to provide a safe learning environment for our children. We also understand the security needs of schools like yours and have experience in developing and implementing a solution customized to meet your individual needs. We realize that you are looking for powerful solutions for student and staff safety, crisis management and response, customized lock down event solutions, school safety programs and training, and solutions to prevent vandalism and theft. We also know that daily you face challenges such as student bullying, gang violence, custody matters, and more. Let us help you protect your students, employees and facilities so you can focus on what's really important - education.

CUSTOM SECURITY SOLUTIONS

As your trusted advisor in securing your K-12 educational facility, we offer comprehensive security solutions that fit your needs. After implementation, we continue to deliver with expert service that's there when you need it. Here is a sampling of our K-12 security solutions.

- ▶ Panic and Fire Exit Hardware
- ▶ Ballistic and Blast Resistant Doors and Glass
- ▶ Perimeter Security Solutions
- ▶ UL and Bilingual ULC Monitoring Services
- ▶ Real-Time, Online eServices

TECHNOLOGIES & PRODUCTS

Sonitrol Audio Intrusion

Sonitrol Audio Verified Intrusion systems provide the monitoring center valuable audio information when an alarm is activated. With wall to wall, floor to ceiling volumetric protection, Sonitrol intrusion detection reduces false alarms and provides valuable insight to law enforcement.

EyeLock Iris Biometrics

EyeLock revolutionary iris identity authentication captures iris code data at a distance while in motion, providing the most advanced, cost effective, and efficient biometric identity authentication system available used for mustering, student credentials, attendance tracking and more.

AeroScout RTLS

AeroScout Real Time Locating System uses existing Wi-Fi network to provide complete enterprise visibility over a single unified solution, combining a wide variety of location, status and condition information about valuable mobile assets such as students, faculty, electronics, and other equipment. Includes panic button feature for emergency situations.

Intruder Lock and Exit Device

Mechanical and wireless door locking solutions allow school faculty and staff the safety and flexibility of being able to lock school doors when needed. BEST intruder lock and Precision exit device enable teachers to secure their classroom safely by locking the exterior from the inside.

STANLEY Access Technologies

Automated sliding and swinging entrances offer controlled egress and ingress while supporting ADA compliance. Innovative door controller microprocessor technology integrates with your school's security system. Specialized ballistic resistant doors and security revolvers are available for high-risk facilities. Full door breakout available for emergency egress.

STANLEY eServices

STANLEY's online management tools are a value-added electronic security offering for customers to remotely view and monitor a broad range of security activities on their account including account management, monitoring data, access control management, and video monitoring services.
